## BOURGOGNE PINOT NOIR

*Cuvée Edmé*

### VARIETAL

100% Pinot Noir

### VINEYARD

Red Burgundy is mainly produced in three French departments: Yonne, Côte d'Or and Saône-et-Loire. It is the northernmost part of that region that produces great red wines. The Pinot Noir varietal is at the basis of all red Burgundy appellations, from the most modest to the most prestigious.

### TASTING

Dark ruby colour with purple highlights.

The nose is very open, with notes of small black fruit and vanilla on a finely woody background.

Fresh on the palate, supple and round.

A lively and structured wine, with tannins that are present but coated.

The finish is tart.
